

Vehicle-Mounted Arrow Board

OPTRAFFIC® vehicle-mounted arrow boards are built to meet MUTCD standards. These arrow boards provide exceptional visibility, have dependable actuators, can be mounted to any vehicle, and are simple to operate. A quality, energy-efficient build, OPTRAFFIC® vehicle-mounted arrow boards can direct traffic through work zones and any other high volume traffic areas for extended periods of time.

SKU: 33113312

FEATURES

- Easy to operate and maintain
- High output LEDs provide superior visibility
- 13/26, 15/30, and 25/50-light models
- Auto-dimming and manual brightness control
- Flash rate of 45-50 per minute or as per request
- Low power consumption technology
- Variety of mounting options to choose from
- Durable finish resists outdoor elements
- Compact and multi-functional integrated controller
- Screen controller with display patterns
- Easy maintenance with a slide-in circuit board
- Independent control of beacons and actuator
- MUTCD Compliant

WARRANTY & MAINTENANCE

- Factory quality warranty
- Lamps are easily replaceable
- Ongoing technical support 24/7

Specifications

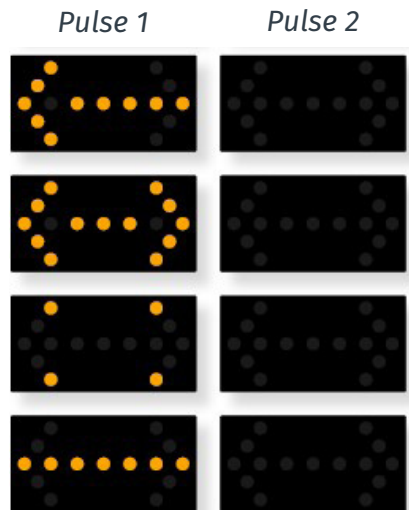

With a turn of the control knob, OPTRAFFIC® arrow board flashing patterns are adjusted for different scenarios. The compact and multi-functional controllers show each display in real time and allow the user to monitor and operate the arrow board from within the cab of a vehicle. Tilt-frames and LED beacons are controllable independently.

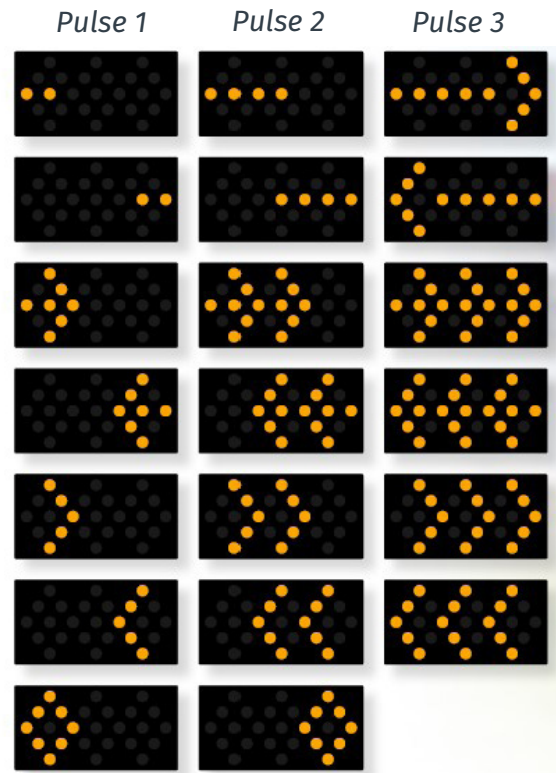

Model	Board Size	Lamp #	Brightness	Flashing Patterns	Power	Voltage	Sides	Foot Print	Viewing Distance	Recommended Occasions	Matching Accessories
